To the Teacher Note-Taking and Student  
Success There is considerable research  
evidence that addresses how students  
understand difficult concepts and  
content in school. Glencoe/ McGraw-Hill  
has developed the Science Notebook for  
science students based upon that  
research. Evidence indicates that  
students need to know

Taught Science for a semester last year (I'm 7-12 Social Studies licensed).

Science not being my area of study, I needed a teacher's edition of the book to help guide me as I studied lessons before the students did.
